

APPLE PAY®

INSTRUCTION GUIDE

Before you begin

You can start using Apple Pay to make purchases as soon as you add your Fulton Financial Corporation Debit Card to the “Wallet” App. Here’s what you need:

- iPhone® 6 or iPhone 6 Plus and later (Apple Pay in stores and within apps)
- iPad Air® 2 or iPad mini™ 3 and later (Apple Pay within apps)
- iOS 8.1 or later in the United States
- United States as your selected region
- Touch ID™ or passcode on your device
- An Apple ID signed in to iCloud®
- Fulton Financial Corporation Debit Rewards or Fulton Financial Corporation Business Debit Card

Set up Apple Pay on your iPhone or iPad

1. On your iPhone, open the “Wallet” App. On your iPad, go to Settings > Wallet & Apple Pay.
2. Tap the “+” button to add your Fulton Financial Corporation Debit Card
3. If you have a Fulton Financial Corporation Debit Card on file with iTunes®, enter the card’s security code. Otherwise, use the camera to capture the information on your card. Then fill in any additional information needed, including the card security code.
4. Tap Next. Fulton Financial Corporation will verify your information and decide if you can add your card to Apple Pay. If we need more information, we will ask you to call our call center to provide additional verification. You can verify your card any time after you add it. Just return to the “Wallet” App on your iPhone or Settings > Wallet & Apple Pay on iPad, and follow the steps.
5. After your card is verified, tap Next. Then you can start using Apple Pay!

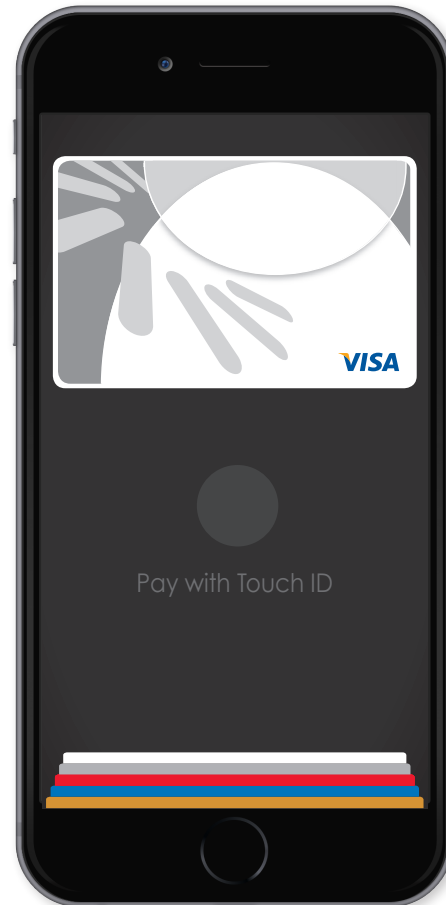

Pay with Apple Pay in stores

1. Hold the top of your iPhone near the contactless reader without placing your finger on Touch ID. Your iPhone will wake up, and you’ll see your default card on your screen.
2. Tap your default card. From the list of cards, tap the one you want to use.
3. Place your finger on Touch ID and move your iPhone near the reader to complete the payment.

Pay with Apple Pay within apps

1. Tap the “Buy with Apple Pay” button or “Apple Pay” button on your iPhone or iPad.
2. Review your payment information and contact details. Enter other billing, shipping, and contact information if necessary. Apple Pay will store that information, so you won’t need to enter it again.
3. Place your finger on Touch ID to complete the payment.

When your payment information is sent successfully, you’ll see “Done” and a checkmark on the screen.
